

Explanation

The Academic Year and Course Credits

Each academic year of Fudan University has a fall semester, a spring semester and intensive summer sessions. Each semester includes 18 teaching weeks. For principal courses, i.e., courses focusing on principles, concepts and ideas, students earn one credit for one hour of instruction in class per week throughout the semester. The ratio of weekly contact hours to credit hours varies for Innovation & Entrepreneurship, laboratory, listening comprehension and physical education courses, which is usually set by the respective teaching division for these courses.

Calculation of Grade Points

The method for calculating the grade points is:

The grade points earned per course = the quality points for the grade × the credit hours;

The GPA for a semester/academic year = \sum the grade points earned from courses enrolled in that semester/academic year $\div \sum$ the credit hours of these courses under consideration.

1.Courses offered since the spring semester of 2024

Examination results are recorded in letter grades. Generally, no more than 30% of the students finishing the same course are awarded the A+ and A grades (representing excellent work). Below is the Conversion table for the letter grades and their grade points.

Grade	A+, A	A-	B+	B	B-	C+	C	C-	D	D-	F	P	NP
Grade Points	4.0	3.8~3.7	3.6~3.3	3.2~3.0	2.9~2.7	2.6~2.3	2.2~2.0	1.9~1.7	1.3	1.0	0	/	/

Notes: Letter grades “A+” and “A” indicate outstanding performance. A “D” is a passing grade, whereas a “D-” means a passing grade obtained after resitting the exam. An “F” represents a failing grade. The grade points for letter grades between “A-” and “C-” are awarded within the range of grade points for each grade, pursuant to the rankings of test results obtained by students.

- 1) The “A+” grade is only awarded in highly challenging courses accredited by experts;
- 2) Honors courses, marked with an “(H)” symbol, are usually more challenging, cover topics more in-depth and involve more preparation. Courses marked with a “(G)” symbol, which stands for courses for graduate students, are offered to undergraduates taking such courses in advance.
- 3) The symbol “**” refers to results obtained outside the University that count towards credits but do not count towards the GPA.
- 4) For courses whose final assessment is P(Pass) or NP(Not Pass), the course score P counts towards credit, and both P and NP do not count towards the GPA.
- 5) The transcript records the students’ scores for all the courses taken during their time at the University. According to the “Rules and Regulations of Fudan University Concerning the Award of a Bachelor’s Degree”, when awarding a degree to a graduating student, the GPA is calculated in conformity with the valid results obtained on all the courses stipulated in the teaching program of the student’s major at the time of graduation, and, if the student reaches the required GPA standard for the degree, and satisfies other relevant conditions, a Bachelor’s degree will be awarded.

2.Courses offered between the fall semester of 1994 and the fall semester of 2023

Examination results are recorded according to the floating-point system. Generally no more than 30% of the students finishing the same course are awarded the “A” and “A-” grades. Below is the Conversion table for the letter grades and their grade points.

Grade	A	A-	B+	B	B-	C+	C	C-	D	D-	F	P	NP
Grade Points	4.0	3.7	3.3	3.0	2.7	2.3	2.0	1.7	1.3	1.0	0	/	/

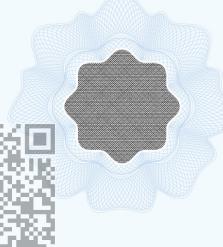

3.Courses offered before the fall semester of 1994

The grading system consists of five grades: Excellent, Good, Satisfactory, Passing and Failing. The “Excellent” Grade is capped at 20% -30%.

COURSE TITLE CREDITS GRADE

ACADEMIC SESSION 2022-2023 SEMESTER I

Linear Algebra	3	A
Programming	4	A-
College English III	2	P
Fudan English Test	2	A
Micro Film and Micro Era	2	B+
Mathematical Analysis BI	5	B+
Fencing I	1	A-
College Physics B I	4	B
Situation and Policy I	0.5	P
Conspicuous of Chinese Modern History	3	B
Ideology, Morality and the Rule of Law	3	A
Mental Health and College Life	1	P

COURSE TITLE CREDITS GRADE

ACADEMIC SESSION 2023-2024 SEMESTER I

Digital Logic and Component Design	3	B+
Data Structure	4	B+
Set Theory and Graph Theory	3	A
Introduction to Information Security	3	A-
Principles of Computer System	3	B
Economy and Society	3	A
Aerobics I	1	A
Situation and Policy III	0.5	P

COURSE TITLE CREDITS GRADE

ACADEMIC SESSION 2023-2024 SEMESTER II

Introduction to Database Systems (H)	4	A
Fundamentals of Computation Theory	3	B+
Object Oriented Programming	2	C+
Computer Organization and Architecture	4	A
Practical Oral English Communication	2	A
English Public Speaking	2	A
Situation and Policy IV	0.5	P
The History of Reform And Open Up	2	A
End Of Transcript		

ACADEMIC SESSION 2022-2023 SEMESTER II

Advanced English	2	A
Introduction to the Zi Zhi Tong Jian	3	A
Introduction to Electronic Systems	3	A
Mathematical Analysis BII	5	B+
Women's Bodybuilding: Figure II	1	A
College Physics B II	4	B+
Fundamental Physics Experiments	2	A-
Situation and Policy II	0.5	P
Introduction to Xi Jinping Thought on Socialism with Chinese Characteristics for a New Era	2	A

ACADEMIC SESSION 2022-2023 SUMMER SEMESTER

Military Skills	2	P
An Introduction to MaoZedong Thought and the Theoretical System of Socialism with 3	3	B+
Chinese Character
